

ATTENTION: CARIBBEAN FISHERS

Ready for the Hurricane Season? Have your emergency contacts on your phone!

It is important to have emergency contact information at your fingertips. Knowing whom to contact and how to reach them can save precious time in emergency situations.

Keep Fisheries Early Warning and Emergency Response (FEWER) Emergency Contacts module handy to access information from various Caribbean countries for organizations such as:

- ✓ Coast Guard
- ✓ Police Service
- ✓ Fire Department
- ✓ Red Cross
- ✓ National Disaster Management

Act now and make sure you know whom to contact in case of emergency at sea! FEWER and fishers' cell phones are companions to the VHF radio and GPS that together provide information and communications for safer fishing trips.
